

## KnowBe4 Security Awareness Training Standing Offer For Minnesota Counties Computer Cooperative (MnCCC)

We want to make sure that all of your MnCCC organizations receive the best pricing possible, so we have decided to provide a set discount via a Standing offer.

To ensure all members of MnCCC receive the best possible pricing on our New School Security Awareness Training and Phishing platform, we are providing your group a 33% discount for either a 1 or 3 year subscription to our console. This will be in addition to the 10% discount we offer to Governmental/Educational institutions. If your members opt for the three year subscription level they will receive an additional 20% discount. There is an additional 2% back to MnCCC on each purchase.

This Standing Offer for MnCCC runs through January 31, 2020.

(We also offer an optional add-on product called PhishER which the discount will not apply to. Learn more here: <https://www.knowbe4.com/products/phisher>)

Please let your MnCCC organizations know that we can help them in preventing Ransomware, Malware and Social Engineering. They can reach out to KnowBe4 directly and we will be happy to answer any questions and provide quotes as needed. We can provide a demonstration upon request for any that would like to see the console in action

Below is a breakdown of the services that will be provided regardless of the subscription level chosen:

- Admin Management Console
- Kevin Mitnick Security Awareness Training (40 Minutes)
- Kevin Mitnick Security Awareness Training (25 Minutes)
- Kevin Mitnick Security Awareness Training (15 Minutes)
- Unlimited Training Campaigns

- Unlimited Phishing Security Tests
- Over 2,700 Phishing email templates
- Ability to edit any of our Phishing Email templates or create your own phishing email templates from scratch
- Phishing Reply Tracking
- Ongoing security tips campaigns
- Crypto-Ransom Guarantee
- Outlook, Gmail, Office 365 Phish Alert Add-In
- Mobile Phish Alert Add-in

KnowBe4 offers 4 subscription levels: Silver, Gold, Platinum and Diamond. This link explains each of these levels:
